

## **Publications in Internationals Journals:**

1. Biochemical studies following ovulation induction with Clomiphene Citrate (cc) and Human Menopausal Gonadotropin (hMG) in infertile Indian women.- International Journal of Fertility : Volume-35(1): Pages 58-64 (1990).
2. Subclinical hypothyroidism: a determinant of polycystic ovary syndrome. Hormone Research 39: 61-66 (1993).
3. Effect of transient hyperprolactinemia on IVF pregnancies after GnRH-a down regulation followed by gonadotropin stimulation. Proceedings of the IXth World Congress on IVF & Assisted Reproduction. 241-245 (1995).
4. Significance of an abnormal response during pituitary desensitization in an IVF-ET program. J Assist Reprod Genet 13:374-380 (1996).
5. Pregnancy and delivery of viable babies after surgical correction of Cervico-vaginal atresia (Published as abstract in J. Human Rep. Vol: 13, p. 264, June 1998).
6. Sex reversal in a case of 47 XXY 'female' Klienfelter's Syndrome- Published in the LANCET: Vol 352, Oct, 3, 1998, p, 1121 (first case in the world to be reported).
7. Effect of pelvic endometrial implants on the overall reproductive functions of female rats. Biol Reprod 60: 954-958 (1999).
8. Legislation and Regulations Regarding the Practice of Assisted Reproduction in India. J. Assisted Reprod. Genetics, 18, 10-14, 2001
9. CAG repeat expansion in the Androgen Receptor gene is not associated with male infertility in Indian Populations – Journal of Andrology P813-816 Vol 23 No.6. 2002.
10. Prenatal exposure to high galactose adversely affects initial gonadal pool of germ cells in rats. Hum Reprod 18: 276-282 (2003)
11. Galactose toxicity in rat as model for premature ovarian failure: an experimental approach readdressed. Hum Reprod 18: in press (2003).
12. Y chromosome deletions in Azoospermic men in India – Journal of Andrology Vol 24, No. 4. July/Aug. 2003.

13. Primordial germ cell migration in the rat: preliminary evidence for a role of galactosyltransferase- *Biology of Reprod.* 71: 1822-1827 (2004)
14. A randomized single-blind controlled trial of letrozole as a low-cost IVF protocol in women with poor ovarian response: a preliminary report- *Hum Reprod.* 19(9): 2031-2035 (2004)
15. Acrosin activity as a potential marker for sperm membrane characteristics in unexplained male infertility- *Fertil Steril.* 83: 104-109(2005)
16. Pregnancy after reconstruction surgery for congenital cervico-vagina artresia – *Am. J. Obst and Gynecol.* 2000; 183: 421-3.
17. Oral Dydrogesterone Vs. Intravaginal Micronised Progesterone as luteal support in Assisted Reproductive Technique (ART) Cycles: Result of Randomized study- *Steroid Biochemistry & Molecular Biology. Journal of Steroid Biochemistry Molecular Biology.* 2005: Vol 11 (5), 416-20.
18. Screening of the galactose-1-phosphate uridylyltransferase gene in Indian women with ovarian failure. *Reproductive Biomedicine Online.* 2005: Vol 11, 444-448
19. Mutation screening of coding region of growth differentiation factor of gene in Indian women with ovarian failure – *Menopause* 2005.
20. A to G transitions at 260, 386 and 437 in DAZL gene are not associated with spermatogenic failure in Indian population. *Intl. J. Androl.* Oct; 29 (5): 510 – 14, 2006.
21. Male infertility: No evidence of involvement of androgen receptor gene among Indian men. *J. Androl.* 2006
22. Role of Latent Genital Tuberculosis in Repeated IVF Failure in the Indian Clinical Setting. *Gynecologic and Obstetric Investigation*, 61(4): 223-227;2006
23. Reactive oxygen species level in follicular fluid—embryo quality marker in IVF? *Hum Reprod.* 21: 2403-2407, 2006
24. A novel missense mutation C111994T in the mitochondrial ND4 gene as a cause of low sperm motility in the Indian subcontinent. *Fertil Steril.* 86(6): 1783-85; 2006
25. Mutational analysis of the betaglycan gene-coding region in susceptibility for ovarian failure. *Hum Reprod Advanced Access.* 2006
26. A novel human sex-determining gene linked to Xp11.21-11.23. *Jour of Clin. Endo & Meta*, 91(10): 4028-36; 2006
27. Expansion of the germline analysis for the INHA gene in Indian women with ovarian failure. *Hum Reprod Jun*; 21 (6): 1643-4, 2006
28. Spontaneous viable pregnancy in cervical and rectal endometriosis – A report of two cases. *Fertil Steril*, 87(3): 697.e1-697.e4; 2007

29. Role of an estrogen upregulated 64.0-KDA uterine fluid glycoprotein in improving fertility in women. *Fertil Steril*, 87(2): 343-350; 2007
30. Hyaluronan binding protein-1: A modulator of sperm oocyte interaction. *Soc Reprod Fertil Steril Suppl*; 63: 539-43, 2007 (Review)
31. Luteal phase serum follicle stimulating hormone and estradiol levels early predictive markers for pregnancy outcome. *Fertil Steril Vol 88*, Pages – S165-S165, 2007
32. An optimized flexible protocol of GnRH antagonist in expected normo-responders in ART. *Fertil Steril Vol 90*, Pages – S412-S412, 2008
33. Surgical correction of rare mullerian anomalies and spontaneous pregnancies – A case report. *Fertil Steril*, 89 (3): 723.e13-723.e16, 2008
34. Novel variants in UBE2B gene and idiopathic male infertility. *Journal of Andrology*, 29(5):2008
35. Cut-off Value of Reactive Oxygen Species for Predicting Semen Quality and Fertilization Outcome. *Systems Biology in Reproductive Medicine*, 54:1-8, 2008
36. CA repeat and *RsaI* polymorphisms in ER $\beta$  gene are not associated with infertility in Indian men. *Int J. of Androl*; Vol – 32 (1); 81-87, 2008
37. CAG repeat variation in the mtDNA polymerase  $\gamma$  (POLG) is not associated with oligoasthenozoospermia. *Journal of Andrology*, 2008; ISSN-0105-6263
38. Comparison of letrozole with continuous gonadotropins and clomiphene-gonadotropin combination for ovulation induction in 1387 PCOS women with clomiphene citrate failure: A randomized prospective clinical trial. *Journal of Assisted reproduction and genetics. J assist reprod Genet*; 26: 19-24, 2009
39. APOB gene signal peptide deletion polymorphism is not associated with infertility in Indian men. *Journal of Andrology*, Vol 30 No 6, November/December 2009
40. Estrogen receptor  $\beta$  gene mutations in Indian infertile men. *Molecular Human Reproduction Vol. 15 No-8 pp. 513-520*, 2009
41. Luteal phase estradiol level: a potential predictive marker for successful pregnancy in in-vitro fertilization / intracytoplasmic sperm injection. *Fertility and Sterility\_ Vol. 91, No. 4, April 2009*

42. Germline study of AR gene of Indian women with ovarian failure. *Gynecological Endocrinology*, Early Online, 1-7, 2010
43. Aspirin plus heparin or aspirin alone in women with recurrent miscarriage. *N ENGL J MED*; NEJM.ORG, 29, 362;17, 2010
44. Comparative evaluation of pregnancy outcome in gonadotropin-clomiphene combination vs clomiphene alone in polycystic ovarian syndrome and unexplained infertility – a prospective clinical trial. *J Hum Reprod Sci*, Vol-3, Issue 2, May-Aug, 80-84, 2010
45. Upper control limit of reactive oxygen species in follicular fluid beyond which viable embryo formation is not favorable. *Reprod Toxicol*, 29, 447-51. (2010)
46. Analysis of spindle characteristics and embryo quality in mice stimulated with letrozole using Polscope imaging. *Fertility and Sterility*, Volume 93, Issue 5, Pages 1477-1481 (2010)
47. Effect of Follicular Fluid Oxidative Stress on Meiotic Spindle Formation in Infertile Women with Polycystic Ovarian Syndrome. *Gynecol Obstet Invest*; 69:197–202, 2010
48. Genes governing premature ovarian failure. doi; 10.1016/j.rbmo.2010002.018, 2010
49. The TNP1 haplotype – GCG is associated with azoospermia. *International Journal of Andrology* 33, 1-10, 2010
50. C601S mutation in the androgen receptor results in partial loss of androgen function. *Journal of Steroid Biochemistry and Molecular Biology*, 2010 (In Press)
51. To explore the effect of letrozole as ovulation inducing agent on oocyte and embryo quality in mice model; *Fertility Sterility*, 2010
52. A novel missense mutation C11994T in the mitochondrial ND4 gene as a cause of low sperm motility in the Indian subcontinent. *Journal of Fertility & Sterility*
53. C601S mutation in the androgen receptor results in practical loss of androgen function; *journal of Steroid Biochemistry & Molecular Biology* 122 (2010), 359-363
54. Comparison of oral dydrogesterone with progesterone gel and micronized progesterone for luteal support in 1,373 women undergoing in vitro

fertilization: a randomized clinical study. *Fertil Steril*, 95, 1961-5.  
(2011)

55. Therapeutic targeting of the TNF superfamily: A promising treatment for advanced endometrial adenocarcinoma. – *gynecologic Oncology* xxx 2012
56. A metabonomics approach as a means for identification of potential biomarkers for early diagnosis of endometriosis. *Mol Biosyst*, 8, 3281-7. (2012)
57. Novel mutations in calcium/ calmodin – dependent protein kinase IV (CAMK 4) gene in infertile men. *International journal of Andrology*- 2012
58. Unique Case Reports Associated with Ovarian Failure: Necessity of Two Intact X Chromosomes - Hindawi Publishing Corporation Case Reports in Genetics Volume 2012, Article ID 640563, 8 pages  
doi:10.1155/2012/640563
59. Selection of birefringent spermatozoa under Polscope: effect on intracytoplasmic sperm injection outcome. *Andrologia* (Impact factor: 1.55). 02/2012; 44 Suppl 1:734-8, DOI:10.1111/j.1439-0272.2011.01258.x Source: [PubMed](#)
60. Recurrent Implantation success in consecutive embryo transfer cycles: a unique case report.- *Informa – Systems Biology in Reproductive Medicine*, 2013 Early online: 1-2.
61. Altered Trace Mineral Milieu Might Play An Aetiological Role in the Pathogenesis of Polycystic Ovary Syndrome; *Biological Trace Element Research* April 2013, Volume 152, Issue 1, pp 9-15
62. Oxidative status in granulosa cells of infertile women undergoing IVF – *Syst Biol Reprod Med*, 59, 91-8. – 2013
63. Markers of oxidative stress in follicular fluid of women with endometriosis and tubal infertility undergoing IVF. *Reprod Toxicol*, 42C, 116-124. (2013)
64. Aspirin and low-molecular weight heparin combination therapy effectively prevents recurrent miscarriage in hyperhomocysteinemic women – *PloS One*, 2013
65. Altered circulating levels of matrix metalloproteinases 2 and 9 and their inhibitors and effect of progesterone supplementation in women with endometriosis undergoing in vitro fertilization. *Fertil Steril*, 100, 127-34 e1. (2013)

66. <sup>1</sup>H NMR Based Targeted Metabolic Profiling for Understanding the Complex Relationship Connecting Oxidative Stress with Endometriosis. *BioMed Research International* Volume 2013, Article ID 329058, 9 pages.
67. Recurrent Pregnancy loss in Polycystic Ovary Syndrome: Role of Hyperhomocysteinemia and insulin Resistance – *PLOS/ONE* – May 2013/Volume 8/ Issue 5/e64446
68. L712V Mutation in the androgen receptor gene causes complete androgen insensitivity syndrome due to severe loss of androgen function. *Steroids* 78(2013) 1288-1292.
69. Proinflammatory cytokines induced altered expression of cyclooxygenase-2 gene results in unreceptive endometrium in women with idiopathic recurrent spontaneous miscarriage. *Fertility and Sterility* Vol. No. 2012 0015-0282.
70. Identification of Key contributory factors responsible for Vascular Dysfunction in Idiopathic Recurrent Spontaneous Miscarriage. *Plos one* – November 2013/Vol.8/Issue 11/e80940
71. HOXA-11 mediated dysregulation of matrix remodeling during implantation window in women with endometriosis. *J Assist Reprod Genet*, 30, 1505-1512. (2013)
72. Assessment of sub-endometrial blood flow parameters following dydrogesterone and micronized vaginal progesterone administration in women with idiopathic recurrent miscarriage. A pilot study. Doi:10.1111/jog.12456 – *J.Obstet.Gynaecol.Res* 2014.
73. Congenital Malformation among babies born following letrozol or Clomiphene for infertility treatment. *Plos one* – October 2014 / Vol. 9 //Issue 10 /e108219
74. (1) <sup>1</sup>H NMR serum metabonomics for understanding metabolic dysregulation in women with idiopathic recurrent spontaneous miscarriage during implantation window. *J Proteome Res*, 13(6):3100-6. (2014)
75. Investigation of serum proteome alterations in human endometriosis. *J Proteomics*, 114:182-96. (2014)
76. Live birth in a 50-year-old woman following in vitro fertilization-embryo transfer with autologous oocytes: a rare case report. *Fertil Steril* 103, 414-416. (2015)

77. Nanoparticle assisted combinatorial therapy for effective treatment of endometriosis. *J Biomed Nanotechnol* 11, 789-804.(2015)
78. Newer surgical approach to prevent re-stenosis following canalization of cervico-vaginal atresia. *Journal of Obstetrics and Gynaecology* (2015) – *Journal of Obstetrics and Gynaecology*, 2015;
79. Dysregulated leukemia inhibitory factor and its receptor regulated signal transducers and activators of transcription 3 pathway: a possible cause for repeated implantation failure in women with dormant genital tuberculosis?  
*Fertility and Sterility*® Vol. -, No. -, - 2016 0015-0282/\$36.00  
Copyright ©2016 American Society for Reproductive Medicine, Published by Elsevier Inc.
80. NMR-based metabolomics for understanding the influence of dormant female genital tuberculosis on metabolism of the human endometrium: *Hum Reprod.* 2016 Apr; 31(4):854-65
81. Repeated implantation failure versus Repeated implantation success discrimination at a metabolic level: *Hum Reprod.* 2016 Jun; 31(6):1265-74
82. Identification of serum metabolic markers for diagnosis of women with dormant genital tuberculosis; *Metabolomics*; June 2016, 12:99
83. Intrafollicular interleukin-8, interleukin-12, and adrenomedullin are the promising prognostic markers of oocyte and embryo quality in women with endometriosis. *J Assist Reprod Genet.* 2016 Aug 5.
84. Serum metabolomics of Indian women with polycystic ovary syndrome using <sup>1</sup>H NMR coupled with a pattern recognition approach.  
Roy Choudhury S, Mishra BP, Khan T, Chattopadhyay R, Lodh I, Datta Ray C, Bose G, Sarkar HS, Srivastava S, Joshi MV, Chakravarty B, Chaudhury K. *Mol Biosyst.* 2016 Oct 18;12(11):3407-3416.
85. Germline Telomere Attrition is Associated with Human Male Infertility - S. Pathak\*, A.S. Multani\*, S.H. Sohn\*\*, N.J. Gupta\*\*\*, B.N. Chakravarty. *Indian Journal of Genetics and Molecular Research* Volume 5 Number 2, July - December 2016
86. Progesterone Supplementation in PCOS Women Undergoing Clomiphene Citrate Stimulated IUI may improve Pregnancy – Sunita Sharma, Geeta Rani BS, S Bathwal, S Wasim, Priyanka Mandve MS, B N Chakravarty. *Annals of International Medical and Dental Research*, Vol(3), Issue (4).

87. Polycystic ovary syndrome in Indian women: a mass spectrometry based serum metabolomics approach. *Metabolomics* (2017) 13:115; DOI 10.1007/s11306-017-1253-4
88. Mutations in the prostate specific antigen (PSA/KLK3) correlate with male infertility. *Scientific Reports*/7:11225/DOI:10.1038/s41598-017-10866-1.
89. Large-volume paracentesis, upto 27 L, with adjuvant vaginal cabergoline in the case of severe ovarian hyperstimulation syndrome with successful pregnancy outcome: A case report – Nupur Agarwal, Sanghamtra Ghosh. Shikha Bathwal. B N Chakravarty. *Journal of Human Reproductive Science* Volume 10 – Issue 3 year 2017 – page 235-237.
90. *NR5A1* mutations are not associated with male infertility in Indian men D. V. S. Sudhakar<sup>1</sup> | S. Nizamuddin<sup>1</sup> | G. Manisha<sup>1</sup> | J. R. Devi<sup>1</sup> | N. J. Gupta<sup>2</sup> | B. N. Chakravarty<sup>2</sup> | M. Deenadayal<sup>3</sup> | L. Singh<sup>4</sup> | K. Thangaraj<sup>1</sup> – *Wiley Andrologia* 2017;e12931. [wileyonlinelibrary.com/journal/and](http://wileyonlinelibrary.com/journal/and) | 1 of 8
91. Progesterone Supplementation in PCOS Women Undergoing Clomiphene Citrate Stimulated IUI may improve Pregnancy – Sunita Sharma, Geeta Rani BS, S Bathwal, S Wasim, Priyanka Mandve MS, B N Chakravarty. *Annals of International Medical and Dental Research*, Vol(3), Issue (4).
92. Fertility management in Kallmann syndrome: a step towards optimization; Shikha Bathwal, Sunita Sharma\*, Nupur Agarwal, Baidyanath Chakravarty; *Int J Reprod Contracept Obstet Gynecol*. 2017 Jun;6(6):2648-2650
93. Germline Telomere Attrition is Associated with Human Male Infertility - S. Pathak, A.S. Multani, S.H. Sohn, N.J. Gupta, B.N. Chakravarty. *Indian Journal of Genetics and Molecular Research* Volume 5 Number 2, July - December 2016
